## OBJECTIVE:

---

### EXPERIENCE .....

#### ELEVEN FIFTY

INDIANAPOLIS, IN

APPRENTICE II / DEVELOPER

OCTOBER 2014–FEBRUARY 2015

- Built infrastructure for team and client communications including a GitLab Server and Project Management software
- Developed multiple iOS and .NET applications
- Communicated with clients

#### MARKETSTAR

INDIANAPOLIS, IN

GOOGLE SPECIALIST

NOVEMBER 2012–DECEMBER 2012

- Educated guests on Google's ecosystem and products, focusing on the Google Chromebook
- Answered questions involving Google and how it could better the guests' current needs
- Developed training methods for the continued education of colleagues
- Assisted guests with questions and issues—finding the answer even if it was not a Google product
- Used, tested, troubleshooted products, and reported bugs to the proper teams

#### ORANGE 20 BIKES

LOS ANGELES, CA

IT MANAGEMENT & INVENTORY CONTROL

OCTOBER 2011–JUNE 2012

- Designed and implemented improvements to POS and inventory control systems
- Created systems to improve employee communications—greatly increasing efficiency and morale
- Trained management and employees on best practices to reduce loss, save time, and save money
- Outlined and deployed classes for continued education of employees and management

#### CAMADEUS FILM TECHNOLOGIES, INC

LOS ANGELES, CA

RENTAL AGENT

JUNE 2010–SEPTEMBER 2011

- Implemented and maintained a new inventory control system—improving office and warehouse efficiency
- Organized and lead workshops and demonstrations to educate and train clients as well as employees
- Maintained equipment regularly—troubleshooting, servicing, and reporting bugs as needed
- Provided on call support by phone and on location—making sure the client could make their day
- Coordinated rentals from initial contact to delivery, invoicing, subrentals, returns, and follow ups
- Handled equipment sales under \$35,000

#### VARIOUS MOTION PICTURE PRODUCTIONS

CHICAGO, IL & LOS ANGELES, CA

FREELANCE GAFFER & BEST BOY ELECTRIC

JUNE 2002–JUNE 2010

- Controlled the look of a film through lighting techniques with direction from the Cinematographer
- Managed a department and crew ranging from 2–20—including personnel decisions, records, and budget
- Appropriated, inventoried, serviced, and maintained equipment for the duration of the job
- Analyzed electrical needs and distributed power appropriately—always keeping a safe and efficient set
- Acted as liaison between the Lighting Department, Production, and all other departments

---

### PERSONAL & PUBLIC PROJECTS .....

**HOMELESSGAFFER.COM** – Simple CMS written in Python using Flask

**BATTLESHIP** – Multiplayer game written in Python—currently being rewritten as a web app

---
